

KS4 Results

At Birch Wood we have a wide range of learners including students with PMLD, SLD, MLD and ASD and many other factors that affect their learning.

It is not appropriate therefore for all our learners to complete qualifications.

We are aspirational for our learners and balance their abilities and emotional health with getting them qualification currency which will support them to make their next steps.

In 2022 it was an unusual year as all of our 18 Year 11 were entered for at least 1 qualifications. Students study a mixture of GCSEs, BTECs and Entry Level Qualifications as appropriate.

Progress 8

As a Special school we prioritise the needs of our students when deciding on qualifications.

This means that as the BTECs students are completing do not involve exams, so these do not count towards National benchmarks.

Our Progress 8 Score:- 1.55

Our Attainment 8 Score:- 6.3
